# SERVICE PARTS CATALOGUE

## NEW HOLLAND

### MODEL 435 DISC MOWER

ISSUE 3/74

Replaces all previous issues

## ORDERING PARTS

When ordering service parts follow the instructions listed below. By so doing, you will be assured of receiving the correct part in the shortest possible time.

1. Give the Model and serial number.
2. Write the complete part number as well as the description of the part.
3. Whenever the terms 'left and right, or L and R', are used, it should be understood to mean from a position facing in the direction of travel.
4. Give detailed shipping instructions, that is: Railway station, Town; whether shipment is to go by parcel post, rail, road or air.

**SPERRY**  **NEW HOLLAND** is continually striving to improve its products, and therefore, reserves the right to make improvements or changes, when it becomes practical and possible to do so, without incurring any obligation to make changes, or additions, to the equipment sold previously.

## **Farm accidents can be prevented with your help.**

No accident prevention programme can be successful without the wholehearted co-operation of the person who is directly responsible for the operation of equipment.

To read accident reports from all over the country is to be convinced that a large number of accidents can be prevented only by the operator anticipating the result before the accident is caused and doing something about it. No power-driven equipment, whether it be transportation or processing, whether it be on the road, in the harvest field or in the industrial plant, can be safer than the man who is at the controls. If farm accidents are to be prevented—and they can be prevented—it will be done by the operators who accept a full measure of their responsibility.

It is true that the designer, the manufacturer, the safety engineer can help; and they will help, but their combined efforts can be wiped out by a single careless act of the operator.

It is said "that the best kind of safety device is a careful operator." We ask you to be that kind of an operator.

## DEALER SERVICE

There is a comprehensive Dealer Service established throughout the country for New Holland Products.

The dealer in your area is anxious to help you obtain the maximum use from your machine. He can provide you with expert advice and spare parts should you need them.

New Holland operate Service Parts from two main depots as follows:—
